Stigma Survey: Updates and Next Steps

GALLUP[®] Mental Health Attitudes Survey

This survey will be used to collect data about attitudes around mental health care in our community. Completing this survey will help identify ways to improve the health and wellbeing of residents of our community. Please read each question carefully and answer each one honestly - there are no right or wrong answers. It is your opinion that counts. Your survey responses will be completely confidential. Please answer all questions to the best of your ability, though you may skip any question you do not feel comfortable answering. Please carefully follow the steps below when completing this survey:

- Use only a blue or black ink pen that does not blot the paper
- Make solid marks inside the response
- Do not make other marks on the survey

1. We would like to know your opinions about mental illness and people with mental illnesses in general. Please mark the box that indicates how much you agree or disagree with each statement. Please do not skip any item.

	Strongly disagree	Somewhat disagree	Neutral or Unsure	Somewhat agree	Strongly agree
a. I believe a person with mental illness is a danger to others.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. I believe a person with mental illness is unpredictable.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c. I believe a person with mental illness is hard to talk with.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

- **Key Areas of Progress:**
 - Instruments, postcards, procedures finalized
 - IRB approvals
 - Sampling completed
 - Community engagement work in high gear
 - Web survey being programmed
- **Next step: begin fieldwork**
 - Initial postcards drop in the mail on Friday, 10/1/21
