

C O P - R C O R P

Communities of Practice for Rural Communities Opioid Response Program

COP-RCORP Consortium Meeting

September 22, 2020

1:00-2:30pm

Roll Call and Attendance

- Ashtabula
- Fairfield
- Sandusky
- Seneca
- Washington
- Ohio University
- PIRE

Map of Service Area Served by the Consortium

Today's Agenda

1. Conversation about
Community
Paramedicine with Shane
Ford (ODH, State Office
of Rural Health)
2. Year 1 Wrap-up
3. Master Consortium
Meeting Wrap-up
4. Breakout Sessions
 - Stigma
 - Workforce Development

EOY Reporting/Y1 Progress Report

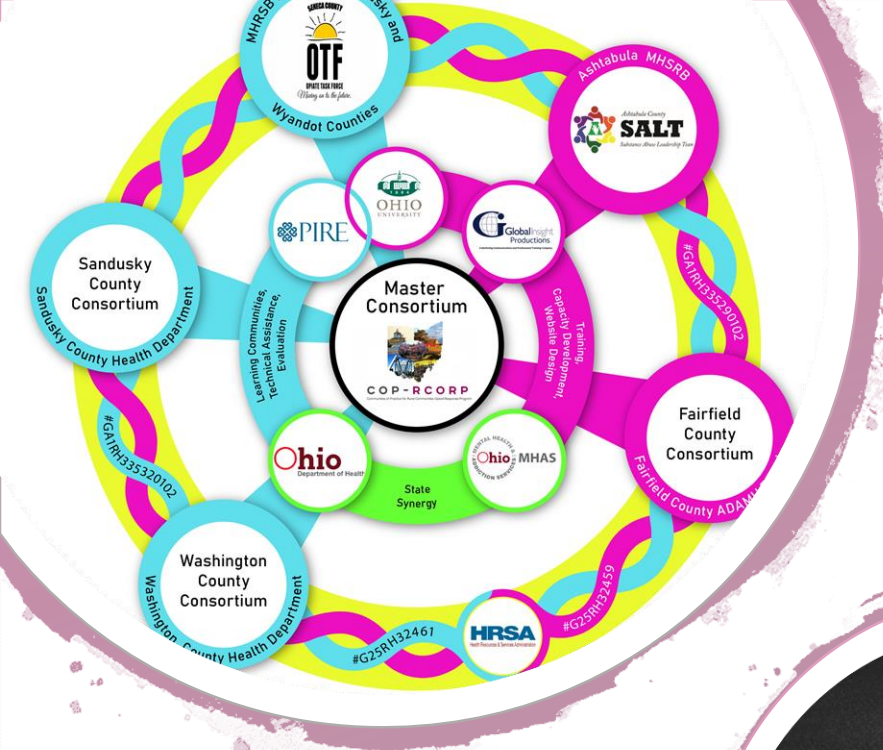

What we've (hopefully) completed already:

1. Master Consortium Sustainability Deliverable
2. Staffing Plan
3. Other SUD Funding Spreadsheets
4. Year 1 Final Invoice
5. Preliminary budgets & justification for Y2 and Y3
6. Y1 Core Activity Table
7. Q4 Request for Information

Due
9/30/20!

Sustainability Assessment & Planning

Patience

Sustainability Assessment

1 Master Consortium Member Survey

	0- Characteristic is absent	1- Characteristic is present but limited	2- Characteristic is present	NA
Decision:	0	0	0	0

- Assesses how the Master COP-RCORP Consortium operates
- Based on Coalition Effectiveness Inventory by Fran Butterfoss

Timeframe

Jul. 23-Sep. 18

2 Master Consortium Sustainability Self-Assessment

- Assesses sustainability of Master Consortium over time, NOT local consortium
- Based on Social Entrepreneurs Inc., Eight Essential Elements for Sustainability

3 Local Consortium Sustainability Assessment

- Assesses how the local consortia infrastructure functions over time
- Based on Washington University's Program Sustainability Assessment Tool (PSAT)

Timeframe

Sept. 23-Oct. 13

Local Sustainability Process

<https://www.communitiesofpractice-rcorp.com/sustainability-planning>

1. Notify OU/PIRE of your plan for the local process

2. Complete the online assessment based on selected process

3. Receive assessment report

4. Review and reflect on this year's local assessment

5. Write your local sustainability plan

6. Share highlights w/ master consortium

Communities of Practice: Rural Communities Opioids Response Program
Plan for Completing the Local Sustainability Process

The CDP-RCORP local consortia will complete the Program Sustainability Assessment Tool (PSAT) from Washington University. Below, please indicate which option you will use to complete the process, along with an estimated timeline.

Name of Person (s) Completing Form: _____
 Date: _____ County Name: _____

1. Mark which local process you will use to complete the Program Sustainability Assessment Tool (PSAT):

Option A – Group Consensus
 Core Local Planning Group will meet as a group to discuss and rate each question, come to a consensus with each response, enter each score. They will receive a report from the T/TA team before being able to proceed to the next step.

Option B – Average Score
 Each member of the Core Local Planning Group will answer the questions independently. The project director will receive a report that averages the responses and then proceed to the next step.

2. List the core local planning group members who will participate in the PSAT. Remember to include yourself!

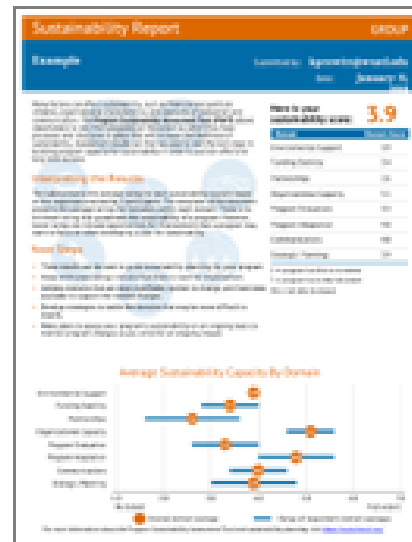

Core Local Planning Group = the 2-4 project staff who attend the monthly master consortium meetings or have intimate operational knowledge of the project.

Name of Person	Email Address

3. Propose a timeline by estimating a date when you hope to complete each step in the process. (Please refer to your plan.)

Process Step	Estimated Date When You Will Complete	Track When Complete
Download instructions from website, review or check off progress		
Complete the online assessment based on choice of process		
Receive assessment report		
Review and reflect on local assessment findings		
Write local sustainability plan		

Once you have marked your process, team and estimated timing, please return to [Laura Mazzoni@rcorp.washu.edu](mailto:Laura.Mazzoni@rcorp.washu.edu).

Download Process Instructions

HRSA's Communities of Practice: Rural Communities Opioids Response Program
Reflection Questions for Developing a Sustainability Plan

Name of Person (s) Completing Form: _____
 Date: _____ County Name: _____

Step 1 – Decide How to Complete these Reflection Questions

- For communities using group consensus, you will want to reference your assessment report and the notes from your group consensus discussion. It is up to you to decide if you want to pull the core group back together to answer these questions.
- For communities using average scores, you will need to pull together the 2-4 core planning members who completed the assessment and hold a group discussion with them to reflect on the findings from the Sustainability Assessment Report.

Step 2 – Begin by Reviewing Your Sustainability Assessment

- Review the **Next Steps** section of the report (on page 1), which provides some helpful guidance for selecting domains that you may want to strengthen.
 - Note that the selection of domains that you want to focus on in your sustainability plan is not always governed solely by how low a domain's score is.
 - The guidance also notes the importance of having data available to support the needed changes, and the importance of the domain being modifiable.
 - In addition to these considerations, you and your team will want to take into consideration local culture, history of prior efforts, and new trends that may be just emerging.

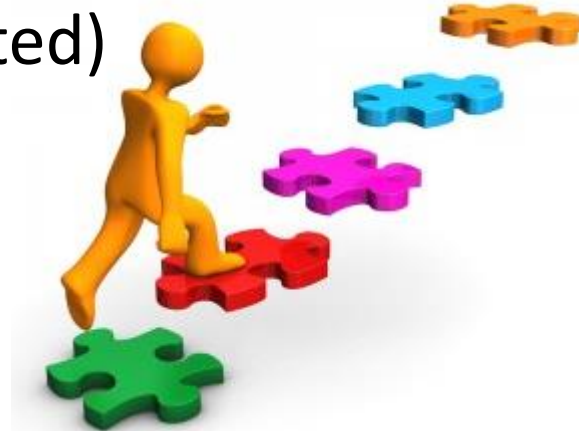

Step 3 – Reflect on Your Assessment and Document Your Plans

- On page 2 of the Assessment report, look across the eight domains and complete a SWOT analysis.
 - What domains represent strengths and why?
 - What domains represent weaknesses and why?
 - What domains represent opportunities and why?
 - What domains represent threats and why?

Strengths – Capture these domain(s) and why they are strengths in this box. Type your response here	Weaknesses – Capture these domain(s) and why they are weaknesses in this box. Type your response here
Opportunities – Capture these domain(s) and why they are opportunities in this box. Type your response here	Threats – Capture these domain(s) and why they are threats in this box. Type your response here

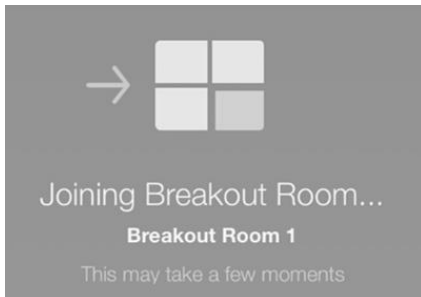

Wrap Up, Support Needs, and Next Steps

- Next Master Consortium Meeting: October 27, 2020
1:00-2:30pm
- Visit from SAMHSA SPF-PFS Communities: Incorporating the IOM Classifications (universal, selective, indicated) into Strategic Planning

Workgroup Breakout Room Placements

- Anyone on the call who is missing from the list?
- Any revisions?

County	Breakout #1 Workforce Development	Breakout #2 Stigma
Ashtabula	Miriam Bridget	Pat Kaitie
Fairfield	Patti Marcy	Toni David
Sandusky	Jaime	Charlotte Jim
Seneca	Nicole	Robin
Ohio University	Carrie Nicole	HollyR
PIRE	Matt	April Casey
