Current (October – December 2020) RCORP-Implementation Core Activities of Focus:

1. Prevention #2b – Stigma Prevention Workgroup
2. Treatment #3 – Workforce Development Workgroup
3. Prevention #3 – Workforce Development Workgroup
4. Recovery #2 – Workforce Development Workgroup

Completed COP-RCORP Consortium Work on RCORP-Implementation Core Activities:

Prevention #2a – Provide and assess the impact of culturally and linguistically appropriate education to improve family members', caregivers', and the public's understanding of evidence-based treatments and prevention strategies for SUD/OD and to eliminate stigma associated with the disease. Operationalized with Master Consortium Position Statement on CLAS standards. (Will be revisited periodically).

Ongoing Work on RCORP-Implementation Core Activities:

1. Prevention #1 – Naloxone

Emerging Work on RCORP-Implementation Core Activities:

1. Prevention #5 – Focusing on Selective or Indicated Populations

Completed COP-RCORP Consortium Work on RCORP-Implementation Core Activities:

1. **Prevention #2a** – Provide and assess the impact of culturally and linguistically appropriate education to improve family members', caregivers', and the public's understanding of evidence-based treatments and prevention strategies for SUD/OD and to eliminate stigma associated with the disease.
 - Operationalized with Master Consortium Position Statement on CLAS standards. (Will be revisited periodically).

See Page 4!

RCORP-P Strategic Plans (Local Consortia):

Each COP-RCORP Local Consortium uses strategic plans created with RCORP-P funding to guide and complement its work to implement the RCORP-I core activities.

1. Prevention – Supply Reduction
2. Prevention – Demand Reduction
3. Prevention – Harm Reduction
4. Treatment
5. Recovery Supports
6. Workforce Development
7. Sustainability

COP-RCORP Core Planning and Implementation Value(s)

1. Consider how the work of the COP-RCORP Master Consortium impacts the affordability and accessibility of OUD/SUD services in the COP-RCORP Service Area.
2. The COP-RCORP Master Consortium recognizes the importance of utilizing the CLAS Standards when implementing all RCORP OUD/SUD activities and strategic plans in five rural communities in Ohio. We strive to engage in a continuous, data-driven, and collaborative process to address health disparities and promote respectful, responsive, and accessible services. By strengthening our knowledge, skills, and awareness of culturally and linguistically appropriate services, we demonstrate our commitment to enhance health equity across the evolving continuum of care.
